Readings: Hybrid ML Systems

In this module, you review the tools and systems and when to leverage hybrid ML models. For more information, see the following readings and videos.

- [Kubeflow](#)

- [Introduction to Kubeflow](#)

- [Orchestrating TFX Pipelines](#)

- [Introduction to Machine Learning Pipelines with Kubeflow](#)

- [Kubeflow — a machine learning toolkit for Kubernetes](#)

- [ML for Mobile and Edge Devices - TensorFlow Lite](#)

- [TensorFlow Lite Examples | Machine Learning Mobile Apps](#)

- [Optimize TensorFlow models for mobile and embedded devices](#)

- [The Essential Guide To Learn TensorFlow Mobile and Tensorflow Lite](#)
